ARMOR LIBERTÉ MONO WIRELESS HEADSET

Compatible with all Brands of Office Desk Telephones

DATASHEET

The Armor Headset Family is proud to welcome its first Wireless Office Headset. The new **Liberté Wireless Office Headset** provides you 350 feet of mobility to get up and speak to a colleague, or get a file from another room, all while continuing to keep a telephone conversation. Combined with its 8-hour

talk time, and light-weight design, you can talk all day and will hardly notice you have it on. For the complete wireless benefit, your Liberté Wireless Headset *supports both* traditional *handset lifters* and modern electronic hook-switches (EHS), to remotely answer your desk telephone while you are away from your desk!

PRODUCT FEATURES

Monaural - Liberté Mono Wireless

FEATURES

- **Designed** for easy set up and use in busy offices
- **Noise Cancellation Microphone** reduces background noise
- **Adjustable Headband** stays in place for a perfect comfortable fit
