BLUETOOTH HEADSET
Dual mic with Voice Isolation

A Great Headset is Now Even Better

The BlueAnt Z9i is the follow up to the Award Winning and highly successful Z9 Bluetooth® Headset. The device includes additional box contents and enhanced features. Incorporating BlueAnt's revolutionary Digital Signal Processing solution – Voice Isolation Technology™, the Z9i provides outstanding noise suppression, echo cancellation and wind noise reduction. The headset's 'Voice Isolation Max' feature further enhances the user experience in extreme noise environments.

- > Winner of a CES 2007 Innovations Design & Engineering Award
- > Two microphones for pure speech
- > Revolutionary Voice Isolation Technology™ produces noise suppression, echo cancellation & wind noise reduction with zero voice distortion
- > Separates the desired voice signal from background noise enabling crystal clear communication in the noisiest of environments
- > During a call, users can switch between two Voice Isolation modes – Standard and Max
- > Multipoint – connect two phones at once
- > Automatic connection & reconnection with notification
- > Different ring-tones for known & unknown contacts
- > Innovative tie clip for attaching to shirt or cuff, when not in use
- > 1 x Translucent & 1 x rubber ergonomic ear hook
- > Firmware upgrade via USB on your PC
- > Bluetooth v2.0
