The Smart Way to Talk

Bluetooth just got easier and more intuitive with a Smart Display.

Jabra's BT4010 offers a new level of usability for Bluetooth headsets. With the BT4010, there's no need for guesswork or interpreting flashing lights. With one glance, you can easily see your battery level, if your headset is connected and if you're 'on the call'.

Small in size but big on design and user friendliness - the BT4010 offers long talk time and crystal clear sound. With auto-pairing and instant connections, the BT4010 can be up and running within a matter of seconds.

BT4010's stylish design removes 'unsightly flashing lights', giving BT4010 an understated, professional look. Wear this headset with or without the earhook - it's your choice.

Quick start guide

How the display works

The display shows battery indicator, Bluetooth indicator and call indicator.

Charging your headset

The headset is fully charged when three battery levels are constantly shown.

Turning your headset on and off

Press and hold the answer/end button to turn on your headset. When the battery icon flashes, the headset is turned on/off.

Pairing the headset with your phone

1. When you turn on your Jabra headset for the first time, the headset will automatically start up in pairing mode. The Bluetooth indicator flashes
2. Activate Bluetooth on the phone
3. Press 'Yes' or 'OK' on the phone and confirm with PIN code 0000 (4 zeros)
4. Your phone will confirm when the pairing is complete
5. For later pairing: Turn your headset off. Press and hold for 5 seconds until Bluetooth indicator flashes

Using your headset

Tap the answer/end button on your headset to answer a call. To end a call, just tap the answer/end button again.

Wearing style

Wear the Jabra BT4010 with or without an earhook. To wear it with earhook, click it on for right or left ear wearing.
