Bluetooth

Jabra BT530 – the new generation of noise cancellation

Destroy unwanted sound with Noise Blackout™

The Jabra BT530 is the first Bluetooth™ headset with Noise Blackout™. Unique amongst wireless hands-free headsets, it provides background noise elimination – without any compromise on natural voice quality. Dual microphones, coupled with advanced DSP technology, identify the source of sound – and then enhance your own voice, and obliterate peripheral noise.

Enjoy crystal clarity and all-day comfort

This headset offers a noise-free experience in crystal clear sound wherever you are. Equipped with intelligent volume control – the headset automatically adjusts the level of received audio for optimal audibility and also offers Audio Shock Protection – guarding your ears against raised voices or sudden noise surges. Designed in true Jabra style, with comfort and intuitively in mind – this headset will provide pure audio power all-day long, whichever way you choose to wear it.

Quick start guide

Charging your headset

Charge your Jabra BT530 until the LED light turns solid green.

Turning your headset on and off

Slide on/off button to turn the headset on or off. The LED will turn green when the headset is on.

Pairing the headset with your phone

- 1.a. First time pairing:
 - Turn headset on - automatic pairing mode when LED is lit blue constantly.
- 1.b. Later pairing:
 1. Turn headset on. Press and hold answer/end button until solid blue light comes on.
 2. Activate Bluetooth on your phone.
 3. Search for Bluetooth devices and select Jabra BT530.
 4. Press 'OK' on the phone and confirm. If asked for, use the PIN code = 0000 (4 zeros)

Using your headset

Answer a call
– Tap the answer/end button
End a call
– Tap the answer/end button

Wearing it how you like it

Wear the Jabra BT530 with or without an earhook.
To wear with earhook, please attach for right or left ear wearing.
To wear without earhook please use eargels with loop.
