

OfficeAssist™ Auto Feed Shredder A3000 Anti-Jam Cross Cut

Make your office more secure and productive.

52080

Product Description

The 300-sheet OfficeAssist™ Auto Feed Shredder A3000 Anti-Jam Cross Cut can help make any medium-sized office more secure and productive. Features include patented auto feed with 4-digit PIN lock, P-4 cross-cut shredding, a quiet motor with self-cleaning Intelligent™ Jam Clearance, 16-minute continuous run time, an 11-gallon/450-sheet bin with full indicator, and Intelligent™ Power Save.

Features

- Patented auto feed with 4-digit PIN lock lets you load up to 300 sheets of paper, lock it until shredding is complete, and walk away. Shreds staples, paper clips, credit cards, and CDs.
- P-4 security rated cross-cut shredding turns paper into 5/32" X 1 37/64" pieces. Ideal for business confidential documents.
- Quiet motor with self-cleaning Intelligent™ Jam Clearance reverses the blades to clear paper from the cutter when too much paper is inserted and upon job completion. Helps avoid time-consuming and frustrating paper jams.
- A 16-minute continuous run time allows the motor to run longer without overheating. Helpful for larger jobs.
- A large 11-gallon/450-sheet bin requires less emptying. An indicator lets you know when the bin is full.
- Automatically switches to Intelligent™ Power Save when not in use (but still turned on) to save energy.
