

## QuickStart Guide

# VIRTUAL PHONE BOOTH

.AUDIO 480 STEREO HEADSET

## Music + Voice + Games

**THE .AUDIO™ 480 SYSTEM INCLUDES:**

- Earbud stereo headset with boom microphone
- Inline volume/mute controls
- 6 earbuds (2 small; 2 medium; 2 large)
- 3 ear tabs (small, medium, large)
- 2 memoryfoam earbuds
- Carrying case

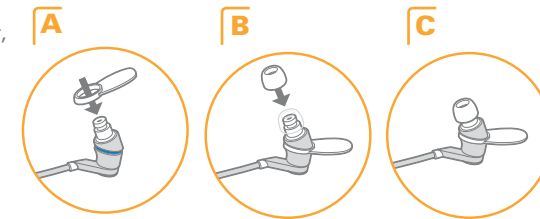

**STEP 1** Choose the style and size of earbud that fits most comfortably for each ear. Firmly fasten each earbud to the headset and use caution when gently placing the earbuds into each ear. The seal should be tight, but do not push beyond the ear canal opening.\*

The sound quality and noise isolation depend upon a snug seal. Always remove earbuds slowly.

## QuickStart Guide

**STEP 2** The eartab acts as a stabilizer, fitting into the folds of your outer ear and balances the boom securely without a headband or earloop. Find the size that fits most comfortably to your ear.

Install by removing the earbud and aligning the eartab with the notches in the headset. Replace the earbud.

**STEP 3** The boom is designed for the left ear. Once the headset is in place, flex the boom until the microphone is pointed toward your mouth. Proper positioning ensures optimum sound clarity for the caller.

**WARNING:** Do not use headphones / headsets at high volumes for an extended period of time. Doing so can cause hearing loss. Always listen at moderate levels. See [www.plantronics.com/healthandsafety](http://www.plantronics.com/healthandsafety) for more information on headsets and hearing. \*Do not press earbud into the ear canal to avoid the earbud from becoming lodged.

One-Year Warranty. For more information, please call 800-544-4660 or visit: [www.plantronics.com](http://www.plantronics.com)
