

CS70 Wireless Office Headset System

Sophisticated, all-day mobile comfort for office executives

Office executives can now enjoy hands-free flexibility in sophisticated style and unmatched comfort. Combining best-in-class wireless technology with a lightweight design, the Plantronics® CS70 Wireless Office Headset System lets executives move wherever business takes them—up to 300 feet from their desk phone. The CS70 features digitally-encrypted, voice-dedicated DECT™ 6.0 technology for secure communications and uncompromised audio quality.

The stylish, ultra-comfortable CS70 delivers:

- **Freedom of mobility.** No need to interrupt important calls while multi-tasking throughout the office environment. With the CS70, executives can continue conversations up to 300 feet from their desk phone.
- **Comfort plus style.** Lightweight, sophisticated over-the-ear design with patented Voice Tube, ensures all-day wearing comfort.
- **Premium quality wireless.** Leading-edge, voice-dedicated DECT 6.0 technology provides best-in-class audio quality and the lowest probability of interference with other office wireless devices.
- **All-day availability.** The CS70 enables executives to answer remotely, so they never miss or interrupt calls while away from their desk phone.* Approximately six hours of talk time makes it easy to stay connected.

*Requires HL10 Handset Lifter accessory

A Mobile Approach to Business Communications

Wireless headsets transform the work environment by facilitating active collaboration and joint problem-solving, and enhancing the ability to multi-task. With the CS70 Wireless Office Headset System, office executives have the freedom to:

- Talk all day in style and supreme comfort
- Roam hands free up to 300 feet from the desk phone
- Always stay connected with remote call answering*
- Experience the convenience of fully recharging your headset in under three hours

***HL10 Handset Lifter Accessory**

Enjoy complete wireless freedom with the HL10 Handset Lifter. Press a button on your headset and the HL10 lifts the handset so you can answer or end a call even when you're away from your desk.

Sound Innovation for missions to the moon. And for everyday life on this planet, too.

In 1969, a Plantronics headset carried the historic first words from the moon: "That's one small step for man, one giant leap for mankind." Today, we're the headset of choice in mission-critical applications such as air traffic control and 911 dispatch. This history of proven sound innovation is the basis for every product we build—whether it's for work, for home or on the go.
