

# M220 Series

## Mobile and Cordless Phone Headsets

### Quality Sound and Reliability

The M220 provides the voice clarity of a noise-canceling microphone at an affordable price.

- **Comfort Fit**

Over-the-ear design provides stability and comfort. It features a soft, flexible earloop which can be worn on either ear for a secure fit.

- **Quality Sound**

Our noise-canceling microphone allows you to be heard clearly in noisy environments.

- **Mobile Phone Versions**

The M220 is available in different models to use with today's most popular mobile phones, including phones with a standard 2.5mm headset jack. One-touch call answer/end and voice activated dialing\* are available for most popular Nokia® phones.

- **Cordless Phone Version**

The M220C version is optimized for headset-ready cordless phones, and it includes a microphone volume switch that allows you to adjust the headsets' microphone to your cordless phone.

\*Voice-activated dialing must be supported by your phone or service.

# M220 Series
