

PC166 Hearing is believing!

- ▶ Developed for and with leading **professional eSport Gamers**
- ▶ **Open air speaker system**, like that of Sennheiser open headphones, provide sensational acoustics ideal for professional gaming
- ▶ **USB adapter with integrated sound card chip** ensures superb sound independent of where you play
- ▶ **XXL size velour padded ear caps** for optimum comfort even after extensive gaming sessions

The PC 166 USB stereo multimedia headset was designed in cooperation with leading professional Gamers to fulfil their very demanding requirements. The USB adapter, with integrated sound card chip, plugs into any USB port to ensure marvellous sound no matter where you play.

- ▶ Gives you the unique **3-D, 360° sound experience** – sound from all sides including above and below
- ▶ **Adjustable headband** for a perfect fit
- ▶ **Adjustable, bendable and pivotable microphone** makes the voice more clear and increases comfort and flexibility
- ▶ **Noise-cancelling microphone** provides high speech clarity and voice recognition by filtering out noise around you
- ▶ **In-line volume control** and **mic mute switch** to keep sound at right level or have a side conversation in privacy
- ▶ Equipped with a **single-sided extra thick cable** for maximum robustness
